SUMMARY

Software developer focused on building clean, efficient, and user-centric web applications. Blends a minimalist philosophy with a solid foundation in system administration and automation. Highly motivated by continuous learning and applying analytical problem-solving skills to collaborative projects.

TECHNICAL SKILLS

- **Technologies:** Local LLMs, GNU/Linux, Bash, Git, GitHub, HTML, CSS
 - **Currently Learning:** JavaScript, TypeScript, Astro, Tailwind CSS, Responsive UI, Docker, GitHub Actions
-

EXPERIENCE & RESEARCH

Technical Researcher / Co-Author, Istanbul Gelisim University, 2026 (In Press)

- Served as the sole technical contributor in a dietetics research team to detect risky eating narratives in YouTube videos.
- Engineered a local data extraction and offline audio transcription workflow using Faster Whisper Large-v3.
- Designed a two-stage NLP scoring pipeline utilizing Qwen3-8B, zero-shot DeBERTa, and Gemini 3 Pro to evaluate qualitative data against clinical scales.
- Transformed complex, unstructured raw AI outputs into structured datasets for clinical interpretation.

Private Mathematics Tutor, Freelance, 2024 - 2025

- Mentored a high school student for the National University Entrance Exams with personalized, goal-oriented study plans.
- Improved the student's problem-solving speed and analytical thinking skills through intensive one-on-one coaching.

Philosophy Instructor (Volunteer), PEKDAV Foundation, Summer 2023

- Designed and delivered philosophy courses to high school students, facilitating discussions on logic and critical thinking.
-

EDUCATION

- **Associate Degree in Computer Programming**, Anadolu University, 2024 - 2026
-

TRAINING & CERTIFICATIONS

Full-Stack Web & AI Development Program, Code2Career AB, Ongoing

- Learning front-end fundamentals (HTML, CSS, JS) and modern stacks like React, Next.js, and TypeScript.
- Building full-stack, API-driven applications integrating Node.js, NoSQL, CI/CD pipelines, and Agile practices.

Cloud Acceleration Program, Huawei, Jul 2024

- Completed a 4-week intensive training on the Huawei Cloud ecosystem and core cloud technologies.

21st Century Competencies Training Program, YetGen, Sep 2022 - Dec 2022

- Developed soft skills in presentation, financial literacy, and teamwork over a 14-week program.
 - Designed a social innovation project based on the UN Sustainable Development Goals (SDGs) during the GirlsGen Ideathon using design thinking.
-

INTERESTS

- **Technical:** Exploring and benchmarking local AI models.
- **Analytical:** Epistemology, logic, philosophy of mathematics.
- **Creative:** Amateur piano player, tabletop RPGs (collaborative storytelling).
